Fall & Spring

Vocal Workshops feature small group instruction with Voice Specialist Dr. Jeanne Goffi-Fynn. Audition Prep Workshop helps students preparing auditions for specialized performing arts high schools or other events. Music Theater Workshop presents a semi-staged production.

The Young Men's Vocal Workshop helps male singers build confidence and vocal technique as they navigate the voice change. Students sing in the range that is comfortable for them in the company of peers and graduate student mentors.

Everyone is welcome - there are no auditions to join.
